

You now have access to RCNi Learning

With over 200 online learning modules to choose from, RCNi Learning will help you enhance your skills and meet personal CPD requirements for revalidation

Accredited by the Royal College of Nursing

RCNi Learning modules are subjected to the RCN's rigorous quality assessment process. This ensures they promote best practice, provide effective education outcomes and improve patient care.

Meet your revalidation requirements

Each completed module counts towards your personal CPD requirements for revalidation.

Created with you in mind

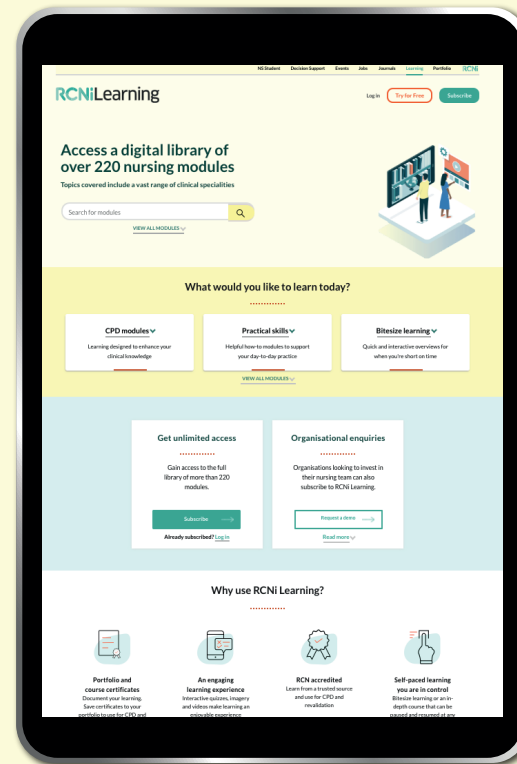

It's simple to use and incorporates multimedia to deepen your understanding. Modules include case studies, pre and post-tests and time-out exercises to create a rich learning environment.

Learn anytime, anyplace

RCNi Learning works perfectly on your smartphone or tablet. There's even an app that lets you use it without access to the internet.
